

Are you looking at a new business telephone system?

Why Choose Us?

Why Mitel?

About Mitel

Mitel is a Canadian based international provider of communication solutions, with over 300,000 VoIP Telephone systems; these systems can be tailored to create the perfect solution for your company that will deliver maximum efficiency and measurable long-term value, along with a reputation for quality service, cost reduction and high customer satisfaction.

Benefits of using Mitel

There are many benefits of using Mitel systems that will improve your business efficiency.

Scalable

Mitel® Communications Director (MCD) has the versatility to grow with your organisation from small to large using the same technology.

Simplicity

No need to perform changes on each individual server, with Mitel manage the system and devices and perform diagnostics from one management system.

Flexible

Mitel's Freedom Architecture offers unparalleled flexibility ensuring organisations can fully tailor the solution to their own environment and needs.

Reliable

With a variety of options that can be installed onto your MCD, You are able to protect your company's investment in hardware for now and into the future.

Bob Bishop, CEO TTGroup
"Team up with TTGroup to make good business happen!"

Commitment

Strives to provide superior customer support.

Mobile
